The Relief

I was watching Isabella; she was here, lying next to me, alive.
I was happy that she was here, and fascinated by her look
I heard so much about her, but,
I suffered a lot because of her, of her beauty and of the love my master had for her.
I was the whipping girl of my employer and his relief at the same time
I was so afraid, I was shaking... but,
I was his maid.
I was Ruth, I am Chelsea Edge

I was watching Ruth, she was here, beautiful and alive
I was relieved and she was too
I was healthy with a weight off my mind
I saved her, my master committed suicide
I was confronted with my past
I had erased it.
I was Isabella, I am Kim Lisette

I was worried
I could see Ruth shaking
I was seeing my master drowning in debts
I was only his financial director
I didn't want to know more about him
I just wanted him to get back on track

I had so many debts, that I fired all my employees, except Ruth
I collapsed little by little
I used to drink much, I couldn't help myself
I was more and more violent
I couldn't control myself anymore
I was angry
I killed that mutt
I raped Ruth and was going to do the same to Isabella
But they killed me
I was the master, I am Raymond Warring

I was fascinated, afraid, surprised
I however loved it
I was moved, so much violence, so much relief in 12:47 minutes
I often held my breath
I often stressed.
I found that "Court Métrange" perfect
I loved the directing, the actors played very well
I really want to thank Emma Swinton for this movie released in 2015
I was a member of the audience, I am Alicia Guesnel, high school student from Victor et Hélène
Basch.
